

PRESS RELEASE

Capsa Solutions Names John Gutzwiller Managing Director of International Business

COLUMBUS, OH - June 20, 2011 – Capsa Solutions, a leading provider of healthcare mobile computer workstations, medical carts, and storage systems, recently named John Gutzwiller as Managing Director of International Business. Gutzwiller brings considerable experience in the hospital market and international sectors and will be charged with leading the Capsa Solutions international team.

“On behalf of the entire Capsa Solutions leadership team, I am pleased to announce Mr. Gutzwiller’s addition to Capsa and welcome his experience and history of success in international business,” stated CEO Dave Burns. “Gutzwiller’s expertise and success in the healthcare sector will accelerate Capsa initiatives to extend our global reach and compete more broadly in the clinical workflow and point-of-care computing product categories.”

Gutzwiller has extensive experience in healthcare management with key executive experience in business unit management, sales, and marketing. Gutzwiller’s leadership roles have provided a depth of knowledge with multiple healthcare products and services including patient room medical equipment, therapy surfaces, healthcare technology products, respiratory devices and asset management systems. Prior to Capsa Solutions, Gutzwiller was Vice President and General Manager of Hill-Rom Holding’s respiratory division.

“I look forward to the opportunity presented by my new role as Managing Director of International Business for Capsa Solutions and focusing on advancing our presence within targeted international markets,” stated Gutzwiller. “Capsa is well positioned for growth due to our diverse and innovative product line, proven successes in all healthcare market sectors, and our creative approach to product solutions and services development.”

According to Gutzwiller, Capsa Solutions can help shape international healthcare practices with next generation products that streamline organization, medication control, and health records data management. “As we extend our successes internationally, Capsa Solutions is poised to advance how processes and information are used to optimize patient care outcomes. I am very pleased to have this great opportunity, and embrace the challenge of using my prior experience in international business and healthcare to building a successful future for Capsa Solutions.”

About Capsa Solutions

In addition to its self-branded healthcare innovations, Capsa Solutions includes the MMI Med Cart, IRSG Storage, and Artromick Mobile Solutions lines of products for healthcare. The company has over 100 years of combined experience providing diverse and innovative solutions for multiple applications to the domestic and international healthcare markets. Headquartered in Columbus, Ohio, the company has additional manufacturing, distribution, and management facilities in Los Angeles and the Chicago area.
